BILL NUMBER: HB 1774

NOTE PREPARED: Jan 5, 2005

BILL AMENDED:

SUBJECT: Bonds for Highways and Local Roads.

FIRST AUTHOR: Rep. Bauer

FIRST SPONSOR:

BILL STATUS: As Introduced

FUNDS AFFECTED: **GENERAL**
 X DEDICATED
 X FEDERAL

IMPACT: State & Local

Summary of Legislation: This bill authorizes the Transportation Finance Authority (TFA) to issue bonds or notes secured by lease rentals relating to highway improvement projects and anticipated to be paid from receipt in the current federal fiscal year or a future federal fiscal year of federal transportation revenues. It limits the total amount of the lease rentals securing those bonds or notes during any state fiscal year to 50% of any increase in federal funds over the federal FY 2002 level. The bill authorizes the TFA to issue bonds or notes for local road projects that are secured by lease rentals payable by cities, towns, and counties. The bill provides that when issuing the bonds or notes, the authority is subject to certain rules concerning minority and women's business participation.

Effective Date: July 1, 2005.

Explanation of State Expenditures: (A) *GARVEE Bonds*: The bill establishes the Grant Anticipation Fund to be administered by the Department of Transportation (INDOT) for the purpose of constructing and reconstructing state highways. Money in the Fund does not revert at the end of a state fiscal year.

The Department may use the money in the Fund only to pay (1) the cost of construction or reconstruction of a highway improvement project; (2) the cost of acquisition of all land, rights-of-way, property, etc.; (3) the cost of demolishing or removing buildings, structures, etc.; (4) engineering and legal expenses and the costs of plans; (5) and payment of rentals and performance of other obligations under contracts or leases relating to highway improvement projects securing grant anticipation revenue bonds or notes.

The Fund shall receive federal transportation revenue apportioned or allocated to Indiana by the U. S. Department of Transportation under 23 U.S.C. or other federal money available that may be used for a project

under this program.

The bill allows the Transportation Finance Authority (TFA) to issue Grant Anticipation Revenue Bonds (GARVEE). This bond program permits states to pay debt service and other bond-related expenses with future federal-aid highway apportionments. Before the bonds are issued, INDOT must prepare a revenue declaration providing specific information on the amount or percentage of federal transportation revenues received by the state during a state fiscal year to be deposited in the Grant Anticipation Fund and the number of years those deposits shall be made. This declaration is subject to the approval of the Budget Agency and TFA. The bill limits the total amount of the lease rentals securing grant anticipation bonds or notes during any state fiscal year to 50% of any increase in federal funds over the FFY 2004 level of \$734.8 M.

The specific impact will depend upon the number of proposed projects to be financed, the amount of federal transportation revenue available, and market conditions.

Background: The table below contains information on the last seven years of Federal Highway Trust Fund (FHTF) apportionments.

Federal Fiscal Year	\$ Amount
FFY 1998	\$530 M
FFY 1999	\$661 M
FFY 2000	\$670 M
FFY 2001	\$735 M
FFY 2002	\$716 M
FFY 2003	\$621 M *
